

A120

TAG EXTREME

Description

A120 Tag Extreme is a woven Polyester fabric with a matt a plasticized PVC coating on both sides, one side being exceptionally smooth. Tag Extreme is exceptionally strong. The material has no memory which allows the finished tags to spring back when crushed, this enables secure bar code scanning when other plastic tags would fail. Tag Extreme is available in nine colours and is pre printable with up to 3 colours.

Material Woven polyester

Finishing Glossy

Color 9 available colors
